

Wednesday 17th September 2025

Dear Parents/Carers,

National Manufacturing Day

Year 6 have been given the exciting opportunity to attend a 'National Manufacturing Day' in the town. This will involve visits to Warren Services, Boniface and Peerless Plastics in Thetford on **Thursday 25th September 2025**.

Thetford is a modern manufacturing town and is known for its strong manufacturing industry. The town is home to a diverse range of businesses, from small start-ups to large international corporations. The manufacturing industry has always been at the heart of Thetford, and the town has become a hub for innovation and technology in the region. With its skilled workforce and supportive business environment, Thetford is an exciting place to be for anyone in the sector.

The purpose of the event is to give the children an understanding of what different roles there are within a manufacturing business, as these are varied within each, and want to look at the possibilities of manufacturing or engineering as a career choice. **The trip is free of charge.**

Photos and videos may be taken throughout the day by Breckland Council. **We will use our school photo permission records and ensure that any child who does not have publicity photo permission is not captured in any footage taken by Breckland Council.** If you wish to update the level of consent for your child, please contact the school office who will be happy to assist you.

We will return from Warren Services at 1.40pm and will therefore be having a later than usual lunch. **This means that no hot food will be available to order for lunch on this day.** If your child has school meals, please order them a sandwich on this day, in the usual way.

To ensure that your child can take part in this experience, complete the attached slip below and return it to your child's class teacher by Wednesday 24th September 2025.

Thank you for your continued support,

Miss Hannah Archibald
KS2 Lead
